Update Wine on Tap Kegs June 21, 2021

To Our Winery Partners,

After reviewing our keg rental / lease service options considering the recent transition of the keg fill operations to Artus Bottling, we are pleased to offer to you, the option of staying on the original FreshTAP keg rental program until further notice as follows:

- ✓ \$2.90 per month rental fee.
- ✓ The rental fee is effect once the keg is located at the Artus Bottling keg fill operations located at 1375 Commercial Way in Penticton and ends once that keg has been ordered and is delivered to your licensee customer from the Direct Tap distribution centre.
- ✓ All filled kegs that fall under this rental agreement must be warehoused and delivered by Direct Tap as Kegshare's chosen distribution partner.
- ✓ All winery partners will complete a new Keg rental Agreement outlining the new terms and agreements.

Alternatively, if you choose to work with another logistics provider to handle your warehousing and distribution, then Kegshare can provide you our regular token and rental rates option that would be subject to the current terms and conditions that are in place for that program. Under that arrangement, we would request that you provide us with a quarterly inventory so we can reconcile our keg fleet inventory and keg locations.
